Professional Certification Preparation

AACE CCT Certified Cost Technician Exam Preparation

التحضير لاختبار AACE CCT فني التكاليف المعتمد

Duration	Format	Language	Level
5 days (35 h) or 10 days (70 h)	**Classroom / online / in-house**	**English or Arabic**	**Certification preparation**

Overview

AACE CCT Certified Cost Technician Exam Preparation prepares candidates for the AACE CCT Certified Cost Technician credential. An entry-level route into cost engineering: prepare for the CCT exam with the core skills of cost estimating, budgeting and control. Each day combines a focused review of one domain with realistic practice questions and worked answers, and the course ends with a full timed mock exam and a personal study plan. The credential is awarded by AACE International; exam registration and fees are arranged directly with AACE International. Join a public session in one of 20 cities or live online, in English or Arabic, or run the course in-house for your team.

What you will be able to do

- Answer exam questions confidently on Cost engineering terminology and cost elements.
- Answer exam questions confidently on Basic estimating and quantity take-off.
- Answer exam questions confidently on Budgets, cost codes and cost reporting.
- Answer exam questions confidently on Basic scheduling and progress tracking.
- Use proven exam technique and follow a realistic study plan to exam day.

Who should attend

Professionals preparing for a certification exam and managers planning team certification. Candidates should check the current eligibility requirements of AACE International before enrolling.

Garnet is an independent training provider. The credential is awarded only by AACE International; exam registration and fees are paid directly to AACE International.
