التحضير لاختبار AACE CCP محترف التكاليف المعتمد

Duration	Format	Language	Level
5 days (35 h) or 10 days (70 h)	**Classroom / online / in-house**	**English or Arabic**	**Certification preparation**

Overview

AACE CCP Certified Cost Professional Exam Preparation prepares candidates for the AACE CCP Certified Cost Professional credential. Prepare for the CCP exam across the full Total Cost Management cycle: estimating, scheduling, cost control, earned value, risk and engineering economics. Each day combines a focused review of one domain with realistic practice questions and worked answers, and the course ends with a full timed mock exam and a personal study plan. The credential is awarded by AACE International; exam registration and fees are arranged directly with AACE International. Join a public session in one of 20 cities or live online, in English or Arabic, or run the course in-house for your team.

What you will be able to do

- Answer exam questions confidently on Total Cost Management framework and cost engineering basics.
- Answer exam questions confidently on Cost estimating, escalation and contingency.
- Answer exam questions confidently on Planning, CPM scheduling and progress measurement.
- Answer exam questions confidently on Cost control, earned value and risk.
- Use proven exam technique and follow a realistic study plan to exam day.

Who should attend

Professionals preparing for a certification exam and managers planning team certification. AACE requires eight years of industry-related experience, or four years plus a four-year industry-related degree, and a technical paper in addition to the exam.

Garnet is an independent training provider. The credential is awarded only by AACE International; exam registration and fees are paid directly to AACE International.
