Overview

ASQ CQE Certified Quality Engineer Exam Preparation prepares candidates for the ASQ CQE Certified Quality Engineer credential. Prepare for the CQE exam: quality systems, product and process design, control, improvement and statistical methods. Each day combines a focused review of one domain with realistic practice questions and worked answers, and the course ends with a full timed mock exam and a personal study plan. The credential is awarded by ASQ; exam registration and fees are arranged directly with ASQ. Join a public session in one of 20 cities or live online, in English or Arabic, or run the course in-house for your team.

What you will be able to do
