Duration	Format	Language	Level
5 days (35 h) or 10 days (70 h)	**Classroom / online / in-house**	**English or Arabic**	**Certification preparation**

Overview

AWS CWI Certified Welding Inspector Exam Preparation prepares candidates for the AWS CWI Certified Welding Inspector credential. Prepare for the three-part CWI exam: fundamentals, practical hands-on and code application. Each day combines a focused review of one domain with realistic practice questions and worked answers, and the course ends with a full timed mock exam and a personal study plan. The credential is awarded by American Welding Society (AWS); exam registration and fees are arranged directly with American Welding Society (AWS). Join a public session in one of 20 cities or live online, in English or Arabic, or run the course in-house for your team.

What you will be able to do

- Answer exam questions confidently on Welding inspection fundamentals and symbols.
- Answer exam questions confidently on Welding processes, metallurgy and discontinuities.
- Answer exam questions confidently on Practical part: measurement tools and replicas.
- Answer exam questions confidently on Code application: AWS D1.1 and others.
- Use proven exam technique and follow a realistic study plan to exam day.
