CDCP Certified Data Centre Professional Preparation

التحضير لشهادة CDCP محترف مراكز البيانات

Duration	Format	Language	Level
5 days (35 h) or 10 days (70 h)	**Classroom / online / in-house**	**English or Arabic**	**Certification preparation**

Overview

CDCP Certified Data Centre Professional Preparation prepares candidates for the CDCP Certified Data Centre Professional credential. Learn data centre design and operations fundamentals and prepare for the CDCP exam. Each day combines a focused review of one domain with realistic practice questions and worked answers, and the course ends with a full timed mock exam and a personal study plan. The credential is awarded by EPI; exam registration and fees are arranged directly with EPI. Join a public session in one of 20 cities or live online, in English or Arabic, or run the course in-house for your team.

What you will be able to do

- Answer exam questions confidently on Data centre standards and tiers.
- Answer exam questions confidently on Power infrastructure and UPS.
- Answer exam questions confidently on Cooling and airflow management.
- Answer exam questions confidently on Fire protection, security and cabling.
- Use proven exam technique and follow a realistic study plan to exam day.

Who should attend

Professionals preparing for a certification exam and managers planning team certification. Candidates should check the current eligibility requirements of EPI before enrolling.

Garnet is an independent training provider. The credential is awarded only by EPI; exam registration and fees are paid directly to EPI.

5-day outline
