Overview

Participants in Building Fire & Life Safety Systems practise the methods, tools and standards they need to perform reliably and solve problems on the job. Run buildings and property portfolios efficiently, safely and at the right cost. Choose 5 or 10 days, classroom or live online, English or Arabic; organisations can also run it in-house and adapt the examples to their own work.

What you will be able to do

- Apply the methods and standards of Building Fire & Life Safety Systems to real tasks.
- Diagnose common problems and identify root causes.
- Interpret data and results correctly and act on them.
- Follow safe, compliant and documented work practices.
- Avoid the mistakes that most often cause rework or failure.
