Professional Certification Preparation

CompTIA Network+ Preparation

التحضير لشهادة CompTIA Network+

Duration	Format	Language	Level
5 days (35 h) or 10 days (70 h)	**Classroom / online / in-house**	**English or Arabic**	**Certification preparation**

Overview

CompTIA Network+ Preparation prepares candidates for the CompTIA Network+ credential. Prepare for Network+ with networking fundamentals, implementation, operations, security and troubleshooting. Each day combines a focused review of one domain with realistic practice questions and worked answers, and the course ends with a full timed mock exam and a personal study plan. The credential is awarded by CompTIA; exam registration and fees are arranged directly with CompTIA. Join a public session in one of 20 cities or live online, in English or Arabic, or run the course in-house for your team.

What you will be able to do

- Answer exam questions confidently on Networking concepts and the OSI model.
- Answer exam questions confidently on Network implementation: switching, routing and wireless.
- Answer exam questions confidently on Network operations and monitoring.
- Answer exam questions confidently on Network security.
- Use proven exam technique and follow a realistic study plan to exam day.

Who should attend

Professionals preparing for a certification exam and managers planning team certification. Candidates should check the current eligibility requirements of CompTIA before enrolling.

Garnet is an independent training provider. The credential is awarded only by CompTIA; exam registration and fees are paid directly to CompTIA.

5-day outline

Day 1 — **Networking concepts and the OSI model**
- Domain review and common traps
- Timed question drill

Day 2 — **Network implementation: switching, routing and wireless**
