Overview

ASP Associate Safety Professional Exam Preparation prepares candidates for the ASP Associate Safety Professional credential. Prepare for the ASP exam with the math, science and safety management knowledge it tests. Each day combines a focused review of one domain with realistic practice questions and worked answers, and the course ends with a full timed mock exam and a personal study plan. The credential is awarded by Board of Certified Safety Professionals (BCSP); exam registration and fees are arranged directly with Board of Certified Safety Professionals (BCSP). Join a public session in one of 20 cities or live online, in English or Arabic, or run the course in-house for your team.

What you will be able to do

- Answer exam questions confidently on Mathematics, statistics and safety calculations.
- Answer exam questions confidently on Safety management systems.
- Answer exam questions confidently on Ergonomics, fire prevention and emergency response.
- Answer exam questions confidently on Industrial hygiene and occupational health.
- Use proven exam technique and follow a realistic study plan to exam day.
