Professional Certification Preparation

Google Cloud Associate Cloud Engineer Preparation

التحضير لشهادة Google Cloud Associate Cloud Engineer

Duration	Format	Language	Level
5 days (35 h) or 10 days (70 h)	**Classroom / online / in-house**	**English or Arabic**	**Certification preparation**

Overview

Google Cloud Associate Cloud Engineer Preparation prepares candidates for the Google Cloud Associate Cloud Engineer credential. Prepare for the Associate Cloud Engineer exam by setting up, deploying, operating and securing solutions on Google Cloud. Each day combines a focused review of one domain with realistic practice questions and worked answers, and the course ends with a full timed mock exam and a personal study plan. The credential is awarded by Google Cloud; exam registration and fees are arranged directly with Google Cloud. Join a public session in one of 20 cities or live online, in English or Arabic, or run the course in-house for your team.

What you will be able to do

- Answer exam questions confidently on Setting up a cloud environment.
- Answer exam questions confidently on Planning and configuring solutions.
- Answer exam questions confidently on Deploying and implementing solutions.
- Answer exam questions confidently on Operating cloud solutions.
- Use proven exam technique and follow a realistic study plan to exam day.

Who should attend

Professionals preparing for a certification exam and managers planning team certification. Candidates should check the current eligibility requirements of Google Cloud before enrolling.

Garnet is an independent training provider. The credential is awarded only by Google Cloud; exam registration and fees are paid directly to Google Cloud.

5-day outline
