Overview

Finance Automation & AI in Accounting turns established good practice into step-by-step methods that participants rehearse in exercises and then apply at work. Sharper reporting, analysis and control for finance teams and the managers who rely on them. You can join a public session in one of 20 cities or live online, in English or Arabic, or bring the course in-house with examples from your own operations.

What you will be able to do

- Apply the methods and standards of Finance Automation & AI in Accounting to real tasks.
- Interpret data and results correctly and act on them.
- Follow safe, compliant and documented work practices.
- Avoid the mistakes that most often cause rework or failure.
- Share good practice with your team.
