Overview

CEH Certified Ethical Hacker Exam Preparation prepares candidates for the CEH Certified Ethical Hacker credential. Prepare for the CEH exam and learn how attackers work so you can defend networks, systems and applications. Each day combines a focused review of one domain with realistic practice questions and worked answers, and the course ends with a full timed mock exam and a personal study plan. The credential is awarded by EC-Council; exam registration and fees are arranged directly with EC-Council. Join a public session in one of 20 cities or live online, in English or Arabic, or run the course in-house for your team.

What you will be able to do

- Answer exam questions confidently on Footprinting, reconnaissance and scanning.
- Answer exam questions confidently on System, network and web vulnerabilities.
- Answer exam questions confidently on Malware, social engineering and denial of service.
- Answer exam questions confidently on Wireless, cloud and IoT security.
- Use proven exam technique and follow a realistic study plan to exam day.
