Overview

Neuroscience of Leadership is a leadership program that connects strategic choices with execution, people and results. Apply behavioural science to motivation, decisions, safety and wellbeing at work. You can join a public session in one of 20 cities or live online, in English or Arabic, or bring the course in-house with examples from your own operations.

What you will be able to do

- Set direction and priorities for Neuroscience of Leadership in your organisation.
- Align people, structure and culture with strategy.
- Lead change and handle resistance constructively.
- Influence boards, peers and external stakeholders.
- Balance short-term results with long-term value.

Who should attend

HR and L&D professionals, managers, safety leaders and organisational development teams. It is aimed at managers and executives who set direction and are accountable for results.
