Overview

This program treats Data Centre Facilities Management as a managed system: policies, roles, resources, performance indicators and continual improvement. Run buildings and property portfolios efficiently, safely and at the right cost. You can join a public session in one of 20 cities or live online, in English or Arabic, or bring the course in-house with examples from your own operations.

What you will be able to do

- Set up and run Data Centre Facilities Management as a managed process with clear roles.
- Lead improvement projects and measure their benefit.
- Report clearly to senior management and stakeholders.
- Manage contractors, suppliers and internal customers.
- Plan resources, budgets and schedules realistically.

Who should attend

Facility and property managers, maintenance heads, real estate and asset managers. It suits supervisors, section heads and specialists who manage, or are about to manage, this area.
