Overview

Date Palm Cultivation & Processing turns established good practice into step-by-step methods that participants rehearse in exercises and then apply at work. Programs for farms, food producers and regulators focused on safe, efficient supply. You can join a public session in one of 20 cities or live online, in English or Arabic, or bring the course in-house with examples from your own operations.

What you will be able to do

- Apply the methods and standards of Date Palm Cultivation & Processing to real tasks.
- Follow safe, compliant and documented work practices.
- Avoid the mistakes that most often cause rework or failure.
- Share good practice with your team.
- Use the right tools, checks and calculations step by step.
