Overview

Participants in Financial Analysis & Modelling practise the methods, tools and standards they need to perform reliably and solve problems on the job. Sharper reporting, analysis and control for finance teams and the managers who rely on them. You can join a public session in one of 20 cities or live online, in English or Arabic, or bring the course in-house with examples from your own operations.

What you will be able to do

- Apply the methods and standards of Financial Analysis & Modelling to real tasks.
- Avoid the mistakes that most often cause rework or failure.
- Share good practice with your team.
- Use the right tools, checks and calculations step by step.
- Diagnose common problems and identify root causes.
