Overview

Green IT focuses on how the work is actually done: the methods, checks and decisions practitioners use every day, illustrated with real cases from the region. Infrastructure, service management and software delivery skills for IT teams. It runs as a 5-day or 10-day program in English or Arabic, in classrooms in Dubai, Riyadh, Cairo, London, Istanbul and other cities, or live online, and can be delivered in-house.

What you will be able to do

- Apply the methods and standards of Green IT to real tasks.
- Interpret data and results correctly and act on them.
- Follow safe, compliant and documented work practices.
- Avoid the mistakes that most often cause rework or failure.
- Share good practice with your team.

Who should attend

IT managers, system administrators, developers and service desk leads. Practitioners with one to five years of experience benefit most.
